2017 PRESCHOOL DANCE

3, 4, 5 year old girls & boys 17.5.17

Introduce your child to dance and movement in a relaxed, non-pressured environment where the emphasis is on individual development and fun.

Classes are structured to develop a love of dance, encourage creativity, build self-confidence, provide group interaction, and to improve rhythmic skills & co-ordination

NB: ## These classes hold their own end of year concert, during their final class in December, to show their family and friends all their wonderful dancing. New friends are welcome to watch.
